

Once NVC has received all the required forms and documents, it will schedule an interview appointment for the applicant at the Embassy in Kuala Lumpur. Until an appointment is scheduled, the Embassy will not have any information on a case and will not be able to answer any questions about it.

If a petition is accepted and approved at the Embassy, we will provide the applicant and petitioner the required forms and full instructions on applying for the visa.

When filing a petition, most applicants will need the following. (We are providing this list only to give applicants a general idea of what to expect and to help them prepare. Please do not send anything to NVC until requested.)

- Form DS-230 (PDF - 996kb)
- Two copies of Form G-325A (PDF - 513kb)
- One [color photograph](#) of the petitioner and each beneficiary. The photo must be 2 inches x 2 inches on a white or off-white background. The photo must have been taken within the past 6 months and show your full face.
- Form I-864 Affidavit of Support from the petitioner, with the petitioner's most recent U.S. federal tax return. There are several versions of the I-864; do not complete until NVC or the Embassy tells you which one is appropriate for your case. Further information can be obtained [here](#).
- Originals and photocopies of civil documents such as birth and marriage certificates. See [here](#) for details on documents which must be provided.
- For applicants 16 years and older, a police certificate from any country where the applicant resided for more than one year. Information on how to obtain a Malaysian police certificate is available [here](#). Information on obtaining police certificates from other countries can be found [here](#).

Click on "HERE", you'll be taken to the website

...undergo a medical exam by an Embassy-
...approved by the Embassy. Information on the
...[here](#). You will receive instructions on
how to make an appointment from NVC or the Embassy. Do
not try to make an appointment before receiving these
instructions.
