MR. [REDACTED]
[REDACTED]
[REDACTED]

Province of Cavite

Dear MR. [REDACTED]:

Seldom nowadays can we find people who genuinely show interest to others especially to people in the community. We are very glad that you and your family are included in that group. That is why, when I talked with your wife [REDACTED] last week on the phone about your community program and your interest to access our book donation and outreach program, I thought that you and the City Government of Imus through the leadership of our **HON. MAYOR EMMANUEL L. MALIKSI** share the same vision for the Imuseños.

VISION OF THE CITY GOVERNMENT OF IMUS : A premier city of the province, pole bearer of a progressive and technology driven economy, home of highly skilled citizenry who are living in a sustainable environment and governed with utmost quality of public service.

VISION OF THE IMUS CITY LIBRARY : To be a partner in attaining better quality of life for the reading public through literacy.

We would like to support your community program. However, we can only provide books for adult reading and very limited titles for children. As for the outreach program, we can hold storytelling activities to instill moral values of each story into the young minds of the children. Please feel free to call us at telephone number (046) 471-5261 so we can talk about this or visit us at the City Library located on the 2nd Floor of the Old Municipal Building, F. Tirona St., Poblacion IV-B, Imus, Cavite.

Thank you very much for sharing your resources in the community. We are also looking forward to be your partner in elevating the lives of people in your community through books and reading and some services that promote literacy.

Thank you and more power!

Very truly yours,

Rosena V. Roman
