To whom it may concern.

I'm writing this letter to clarify and provide information about documents I have and other I currently don't have, and I cannot provide at this time. With all sincerity, I have tried to get at least ITIN for my wife so I can file my tax as "Married file Jointly", but I have been told by tax pros that I can't get ITIN if my wife has never visited the U.S. and in similar way, I can't add her to my bank account, credit card or utility bills. All these things will be done soon as possible when she gets here.

I travelled to marry her in January of 2021, after our weddings (Court and Traditional) we had about two weeks to bond with each other. She moved into my family house at 408 Tobe Street, Alagbo, Lekki, Lagos, Nigeria and has since live there with my mother and two siblings. We soon found out that we were pregnant and after a while we shared the good news with our parents.

I wasn't there to support has physically, but emotionally I did through our many video calls on WhatsApp and also supported financial. Our family played a big role in assisting in whatever ways they can. Our child Ken Chukwu Okafor, added to our family on 07/03/2021 brought great joy to us, our family and friends. I was actually in a Microsoft Team meeting with CIO and two project managers and so it was added to the IT communication.

My CIO had plead with me not to travel because of my role in the current security project at that time and my wife doesn't really want me come visit and said that our families are very helpfully. I love my wife and my son so much and I can't wait to have them here. I have also attached documents and pictures.

Sincerely,

Thomas Okafor
